

Technical drawing of a mechanical part, showing three views: front, top, and side. The drawing includes dimensions in millimeters and a scale of 1:1.

Front View (Top): Shows a rectangular block with a total width of 800.00 mm and a height of 55.00 mm. It features two vertical slots, each with a width of 20.00 mm and a depth of 105.00 mm. The slots are positioned 465.00 mm apart. The bottom corners of the slots are chamfered with a 1:1.8 slope and a 5.00 mm radius.

Top View (Middle): Shows a rectangular block with a total width of 800.00 mm and a depth of 196.50 mm. It features two vertical slots, each with a width of 20.00 mm and a depth of 105.00 mm. The slots are positioned 465.00 mm apart. The bottom corners of the slots are chamfered with a 1:1.8 slope and a 5.00 mm radius. The drawing also shows two circular features with a diameter of 100.00 mm and a radius of R4.25, positioned 196.50 mm apart. The distance from the left edge to the first circular feature is 65.00 mm, and the distance from the right edge to the second circular feature is 60.00 mm. The total depth is 196.50 mm.

Side View (Bottom): Shows a rectangular block with a total width of 800.00 mm and a height of 55.00 mm. It features two vertical slots, each with a width of 20.00 mm and a depth of 105.00 mm. The slots are positioned 465.00 mm apart. The bottom corners of the slots are chamfered with a 1:1.8 slope and a 5.00 mm radius. The drawing also shows two circular features with a diameter of 100.00 mm and a radius of R4.25, positioned 196.50 mm apart. The distance from the left edge to the first circular feature is 65.00 mm, and the distance from the right edge to the second circular feature is 60.00 mm. The total depth is 196.50 mm.

Right View (Far Right): Shows a rectangular block with a total width of 55.00 mm and a height of 224.00 mm. It features two vertical slots, each with a width of 3.00 mm and a depth of 105.00 mm. The slots are positioned 465.00 mm apart. The bottom corners of the slots are chamfered with a 1:1.8 slope and a 5.00 mm radius. The drawing also shows two circular features with a diameter of 100.00 mm and a radius of R4.25, positioned 196.50 mm apart. The distance from the left edge to the first circular feature is 65.00 mm, and the distance from the right edge to the second circular feature is 60.00 mm. The total depth is 196.50 mm.
