

A diagram of a composite shape. It consists of a rectangle with a semi-circular cutout on the left side. The total width of the shape is labeled as 3.1. The total height is labeled as 2. The radius of the semi-circular cutout is labeled as 3. The area of the shape is shaded with diagonal lines.

A line drawing of a mechanical coupling, likely a flange or a similar component. It features a central circular hole and several smaller holes around the perimeter, suggesting it is designed for assembly or connection. The drawing is a simple line art representation.

Technical drawing of a mechanical part. A dimension line on the left indicates a diameter of $\phi 46$. The part has a rectangular body with three circular features on its right side. A leader line points to the middle circular feature.

[illegible]
