#### NOTICE:

1. Standard Without Dimensional Report: QC will verify that the part material, features, and finish are in accordance with the part requirements specified in the quote, CAD file, and/or print. If no dimensional print is provided with a part, QC measures to **ISO2768-C** Standards on dimensions they deem critical, such as overall size, holes, and depths. The inspection will be in-process. Documentation will not be shipped with your parts.

2. Standard With Dimensional Report: QC will perform an inspection using calibrated tools where 100% of all dimensions, attributes, dimensional locations, and print notes will be documented per our Statistical Sampling Plan based on **Level S1 & AQL 4**. A dimensional inspection report with a correlated ballooned print will be shipped with your part(s). A customer-supplied dimensional print is required for this inspection. (We will provide you inspection report only when you require before ordering)
